

From the Pastor:

2020 MINISTERIAL SERVICES OPERATIONS PLAN

The Mission of Ministerial Service

Ministerial Services coordinates the various aspects of making disciples and assisting the ministry in shepherding, teaching and nurturing the people of God. Ministerial Services will work with those who organize each area to oversee the planning of our youth camps, youth education, young adult programs, Feast site planning, Foundation Institute, ministerial communication and education, ministerial development and leadership, and the many financial and logistical aspects of congregational care.

Overall Goals for 2019

The following three core goals remain central to all we do in Ministerial Services.

1. Engage and develop the younger generation in the work of the Church and in service within the local congregations of the Church of God, a Worldwide Association
2. Provide support, programs, continuing education and development opportunities for our lay membership, families and ministry.
3. Continue to develop comprehensive leadership and pastoral development and training to effectively address the future needs for new pastors and growth within the Church in the United States and around the world.

Hiring of two or three pastoral trainees in 2020

While we have some very capable younger men (elders) that have been through the FMP that we would like to hire, we were unable to do so in 2019, as these couples had other obligations. That said, we are, nonetheless, budgeting to hire two (or three, if it is determined later in the year that income will allow) pastoral trainees during the calendar/fiscal year of 2020.

Youth programs/COGWA Youth Camps

The camps have been very successful in engaging our youth in relation to the service and work of the Church. These programs will continue to be a vital part of the work of the Church.

2020 BUDGET

As we enter our 10th year, we acknowledge our Father in heaven as the provider of all we have. The income has been strong and steady. In 2019 we have seen an increase in income over the previous year. God has continued to bless the Church's income. Our expenses have been in-line with our expectations. For the 2020 fiscal year we are projecting a 1.6 percent increase in income and expenses over the 2019 budget. We believe this is a fiscally conservative budget that is built upon our faith in God and our being faithful to manage the blessings He gives us as we seek to please Him.

That's all for this week.
