

***From the Pastor***

In the webinar on Sunday, May 15 the final presentations were by Mr. Leon Walker, the international liaison, and Mr. Britton Taylor, the church's treasurer.

I did not take many notes on these two presentations since much of what they covered would be put on *In Accord* or would be published in *One Accord*.

Mr. Walker spent most of his time relating all of the travels various individuals had made for the Spring Feasts. Many of the headquarters ministers and, of course, the regional pastors for the various international regions traveled to sites around the world. Their plans were to go to many of the more remote or "out-of-the-way" places where there were fewer members who seldom had ministerial visits from outside of the region. These brethren seldom got together with much larger groups except at the Feast of Tabernacles. The desire was to give these isolated members more of a sense of inclusion with the worldwide work. Though perhaps only 10-15 people were able to assemble for these Feasts (Passover and the two feast days of the Feast of Unleavened Bread), all (ministers and members) were greatly appreciative of and were positively benefited by this opportunity to spend these Feasts of God together.

Mr. Walker did give a few statistics about the Spring Feasts outside of the United States. There were 1928 that were able to assemble for the Passover worldwide. This did not include those who kept the Passover at home or who were eligible for the Second Passover.

3870 assembled around the world to keep the first day of the Feast of Unleavened Bread and 3651 assemble for the last day of Unleavened Bread.

Mr. Britton Taylor followed Mr. Walker with the treasurer's report. He mentioned that the annual audit had been completed and the work had received an unqualified report from the auditors (i.e. everything was as it should be). He mentioned that the financial report would be printed in *One Accord*.

He did give a few statistics. 2015 ended with an income around \$11,000,000 which was \$500,000 above budget. Expenses came in at \$10,700,000 which was \$200,000 above budget. As you can see the expenses came in below income – which is always a good thing.

He then mentioned again that the work should reach its goal this year for reserves in the bank. We would like to have 8-10 weeks of income in the bank (as reserves) at the lowest point for income of the year (the month before the Feast of Tabernacles). This amount is between 1.7 million and 2.1 million dollars for reserves. This targeted amount should be achieved this year.

Please remember to thank God for His many blessings on the Work as we continue to strive to accomplish the commission He has given us.
