Website: <https://tpwd.texas.gov/state-parks/lake-corporus-christi>

We will be camping in the Javelina Loop which has Full Hookup Campsites, and the Bird's Nest Cabin area, which has water and electricity. **To reserve a campsite or cabin please contact Arnold Mendez, Sr directly. He has pre-reserved a group of campsites/cabins, and he will assign you a site.** All areas have restrooms with showers. Each campsite has a picnic table, water, electricity, fire ring, and BBQ grill. Cabins have AC, electrical, and two twin beds. Families have been enjoying Lake Corpus Christi State Park for more than 80 years. Come for the water sports, varied wildlife and relaxing atmosphere. Leave refreshed!

**Directions:** The park is located on Park Road 25, located four miles southwest of Mathis off State Highway 359 and 35 miles NW of Corpus Christi.

**Fish** in the 18,256-acre Lake Corpus Christi. Anglers pull in largemouth and white bass; crappie; blue, channel and flathead catfish; and bluegill and red-ear sunfish. The park has two lighted fishing piers, one of which is 400 feet long and wheelchair accessible. We also have two boat ramps and two fish cleaning shelters. You do not need a fishing license to fish from shore or pier in a state park!

**Birding**, is rich and diverse here. This area is an important stopover for migrant birds. We've identified more than 200 bird species in the park.

**Hiking**, the park has several miles of Hiking Trails.
